A Chara,

I am directed by the Referee to refer to a letter dated 12th December last received from Mr. E. Moane, T.D., enclosing the names of the West Mayo Brigade Council, to which you have been appointed Secretary, and to enclose for the information of the Committee :-

- (a) a summary of the outstanding Organisation particulars of the West Mayo Brigade, I.R.A.
- (b) a list of the applicants who have already been examined before the Referee and Advisory Committee.

As regards (a) I am to request that the Brigade Council will take the necessary steps to have the Organisation Records completed without delay. When this has been done, perhaps the Council will be good enough to submit a list of cases in which they are generally satisfied that the applicants in question have had the necessary qualifying service, namely, active service at any time during Easter Week 1916, or continuous active service during either of the following periods, i.e., 1st April 1920 - 31st March 1921, or 1st April 1921 - 11th July 1921. In the preparation of this list care must be taken to ensure that the cases are selected from the Brigade generally, and that applicants are grouped according to their particular Battalions. It would also facilitate the Referee and Committee if the names of those who could vouch for the service of the applicants in each group were specially marked so that those vouching for a particular group may be called for examination a day or two after those on whose behalf they will be required to give evidence. It is also suggested that, when submitting the list special cases of destitution &c. should be indicated in order that they may receive such priority as may be possible. The enclosed list of applicants who have already been examined will enable the Council to avoid duplication.

I am also to inquire whether the above-mentioned Committee is representative of the whole West Mayo Brigade area.

Miss, le m

A Chara,

With reference to your letter "RO/326", dated 13th ult,
on the subject, I enclose herewith, duly completed and certified,
returns showing the Officers of the above Brigade and of the
Battalions and Companies on both critical dates. (15)

With reference to the Louisburgh Battalion, my Committee
consider that similar returns as those now submitted should be
supplied from this Brigade in respect of Louisbugh, as it is
considered that the Battalion in question was more in touch with
our Brigade than they were with West Connemara.
